PROFESSIONAL SUMMARY

Full Stack Developer skilled in React.js, Python, and Django with experience in building scalable web applications, REST API development, and responsive web design. Proficient in frontend and backend development, API integration, and database management using MySQL. Strong problem-solving abilities with hands-on internship experience in developing efficient and user-focused applications.

INTERNSHIP EXPERIENCE

Python Full Stack Intern – VCODEZ, Chennai

- Developed and deployed full-stack web applications using React.js and Python, improving application usability. Designed and integrated REST APIs for seamless frontend-backend communication.
- Implemented features such as search, pagination, and dynamic data handling. Optimized application performance through debugging and efficient code practices.

Web Development Intern - Accent Techno Soft, Coimbatore

- Developed a tax management system to handle taxpayer data including income, deductions, and filing status.
- Designed responsive web interfaces using HTML, CSS, and JavaScript, enhancing user experience. Improved data handling and UI performance through structured frontend development

EDUCATION

2022-2025

- K.S. Rangasamy College of Arts and Science (Autonomous), Tiruchengode
- **Bachelor of Computer Application (BCA)** with 7.6 CGPA.

2021-2022

- Government Boys Higher Secondary School, Pandamangalam, (HSC) with 74%.

2019-2020

- Government Boys Higher Secondary School, Pandamangalam, (SSLC) with 74%.

PROJECTS

Food Processing Automation System

- Developed a smart automation system that improved processing efficiency and reduced manual workload
- Built responsive UI using React.js for monitoring operations, Implemented backend logic and API integration, Improved efficiency of process handling through automation

Tech: React.js, Python, MySQL

Online Examination System

- Developed an online platform for conducting exams with real-time interaction.
- Built dynamic frontend using React.js, Implemented question management features.

Career Counseling Platform

- Created a web-based career guidance system integrating academic data and career suggestions.
- Developed backend using Django, Designed user-friendly interfaces.

Tech: Python (Django), HTML, CSS

SKILLS

Technical Skills:

- Languages: Python, C, C++
- Frontend: HTML, CSS, JavaScript, React.js
- Backend: Python (Django), REST API
- Database: MySQL
- Tools: Git, GitHub, VS Code
- Concepts: Responsive Web Design, API Integration, Web Application Development
- Deploy: Vercel, Netlify, Render

Soft Skills:

- Problem Solving,
- Analytical Thinking,
- Team Collaboration,
- Learning New Technologies,
- Adaptability.
